--Due to the evolving situation with COVID-19, just about every date and time in this document should have the word “tentative” in front of it. Please make sure to follow us on Twitter and check the Athletics blog to get the most up-to-date information on all things related to sports at DHS.

--The MHSAA has adjusted the pre-participation athletic physical rule for the 2020-21 school year, meaning most athletes who had a valid physical on file in 2019-20 **WILL NOT NEED** to get a new one for 2020-21. The MHSAA is allowing athletes to fill out a health questionnaire in lieu of getting a new athletic physical for this school year. Any athletic physical dated after April 15, 2019 will be valid for the 2020-21 school year provided the health questionnaire is completed and turned in. A link to the health questionnaire form is posted on our blog and the form can be found here: <https://www.mhsaa.com/portals/0/Documents/health%20safety/healthquestionnaire.pdf>

--Most fall sports, in a typical year, will have summer conditioning and training sessions to help prepare athletes for the fall season. With campus facilities currently closed and multiple stay-at-home and emergency orders in place, it is anyone’s guess as to when we will be able to begin any summer programming. Please reach out to the appropriate head coach and make sure to get on their contact list so that you can be updated as to when any summer workouts will begin. Information will also be posted on the Athletics blog and to Twitter when it becomes available.

--Fall schedules for all sports have been posted to the Athletics blog. These are also developing documents that may not be finalized at this time.
