

Greetings from **Geer Park**,

This document will help you prepare your child to take the MAP Growth test. Please be available at the following times to support your child's testing:

Check with your child's teacher for test times.

What is MAP Growth?		
		
<p>MAP Growth helps teachers understand what students know today, so goals can be set to improve growth throughout the year.</p> <p>Students cannot pass or fail this test.</p>	<p>This test will not affect grades. In fact, it's normal for students to only answer about half the questions correctly.</p> <p>Please don't help them!</p>	<p>Given the challenges of learning from home, MAP Growth test results are especially helpful for us this year. These results will help us know what students are ready to learn.</p>

Test Preparation

Prior to Test Day

1. Make sure your device has an internet connection
2. Disable pop-up blocking on your internet browser
3. Make sure your device meets testing requirements using the [Device Readiness Check](#)
4. Make sure your child has headphones
5. Watch the MAP Growth [introduction video](#)
6. Practice the test at [practice.mapnwea.org](#)
(Username: grow, Password: grow)

4. Log in at [test.mapnwea.org](#)
5. Make sure you have a way to communicate with the teacher/proctor during the test
6. Follow any additional instructions from the teacher/proctor

On Test Day

1. Minimize distractions for your child as much as possible
2. Provide a quiet testing environment
3. Allow the teacher/proctor to open the session first
