

Dear Maples Parents and Staff,

Founders Day is a time to reflect on many accomplishments and a time to renew our commitment to be a powerful voice for all children. The founders served as a resource for parents and a strong advocate for public education, through the establishment of the PTA.

For this Founders Day, the Maples PTA would like you to nominate a Maples staff member or parent that has gone above and beyond their duties. Please name this person and explain why he or she deserves this award.

Thank you,

Maples PTA
