New Year's Resolutions -Layan Zandani

Every year, millions of people make a commitment to resolutions. Researchers say about 60 percent of us make New Year's resolutions but only 8 percent are successful in achieving them (Economy, Peter INC.). Making resolutions is a tradition that many of us follow including staff and students right here at Salina. So what are Wildcats wishing for in 2020? Read below to find out some of our resolutions...
Layan Zandani- To have better time management

Mariam Alawamreh- To be more organized

Mrs. Ramouni- To teach my kids to become more independent

Hiba Abujamous- To become healthier

Malak Aldais- To be more positive

Naiba Virk- To eat healthier
Who knows - this just might be the year that you achieve every goal you set for yourself. Here's to a new year filled with much success towards your goals! Go Wildcats!

Our book fair sold over \$2000! We get \$800 in free books. Thank you for your support.
