

**Science, Technology, Engineering
and Math Middle School**

This fall, Dearborn opened a new 6th and 7th grade middle school focused on science, technology, engineering and math (STEM). The school is located on the Dearborn Heights Campus, also the location of the Dearborn Center for Math, Science and Technology (DCMST). In addition to the traditional middle school curriculum, students benefit from the Project Lead the Way middle school STEM program.

Enrollment is limited and based on student interest and test scores. For the 2015-16 school year, we will have 2 openings for 7th grade (current 6th graders) and 60 openings for 6th grade (current 5th graders) students.

Four informational meetings are scheduled for interested parents to learn more about the school:

Thursday, February 5, 6:30 p.m.; Wednesday, February 11, 6:30 p.m.; Monday, February 23, 9:30 a.m.; or Monday, February 23, 6:30 p.m. Lecture Hall, Michael Berry Career Center, 22586 Ann Arbor Trail
