

Hello Everyone,

I have created my very own “Step Sheet” to help you post questions on Google Air Hangout. These directions are for Google Chrome, I hope this helps. NOTE: Do NOT go directly to [www.Youtube.com](http://www.Youtube.com) , you will start right from your Google Gmail account.

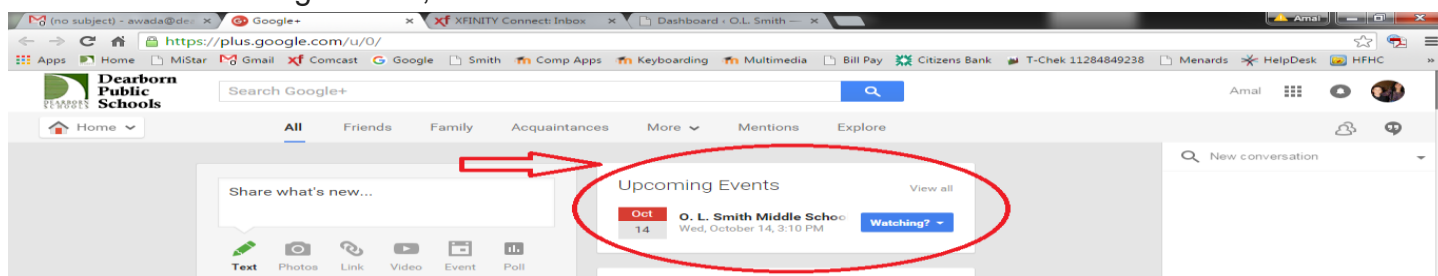

1. While you are in your Google Gmail account, click on the icon that looks like a small cube. This is the one that you click on to access your G Drive and other apps. While you are in your email account, it can be found on the right hand side, next to your name. Look at the image below, notice the red circle and red arrow:

2. Choose Google+ or the red **G+** icon from the drop down menu. Look at the image below, notice the red circle and red arrow:

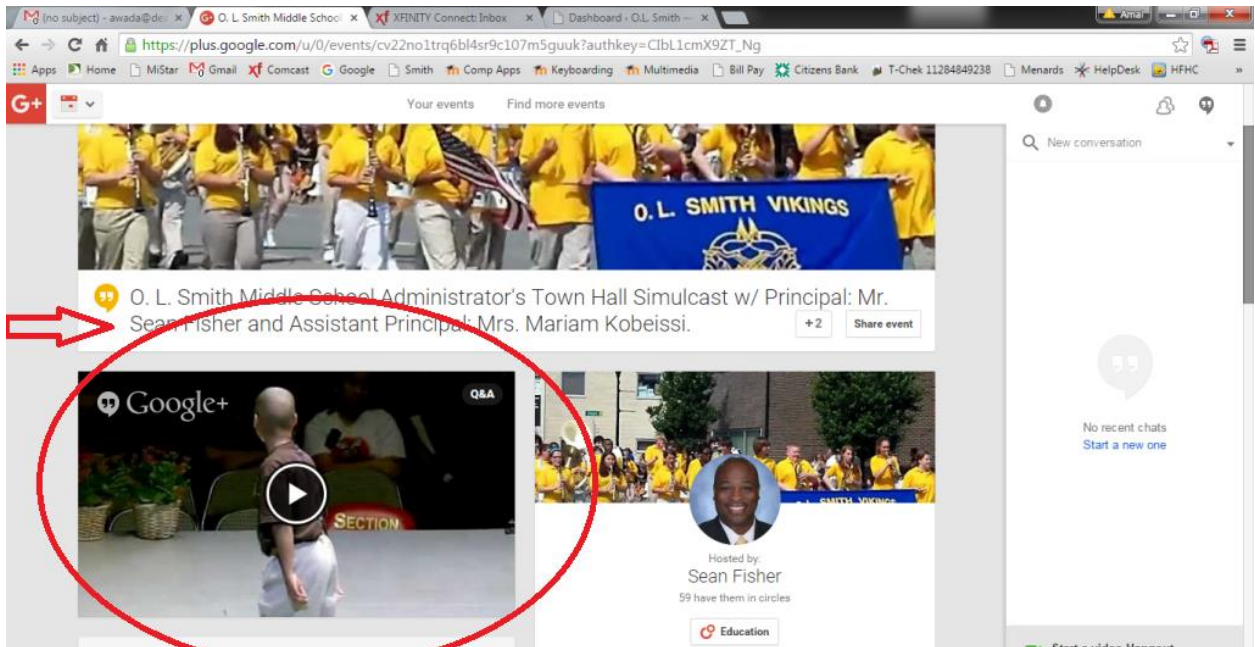

3. In the Upcoming Events box, click on the “O.L. Smith Middle Schoo...” link. Look at the image below, notice the red oval and red arrow:

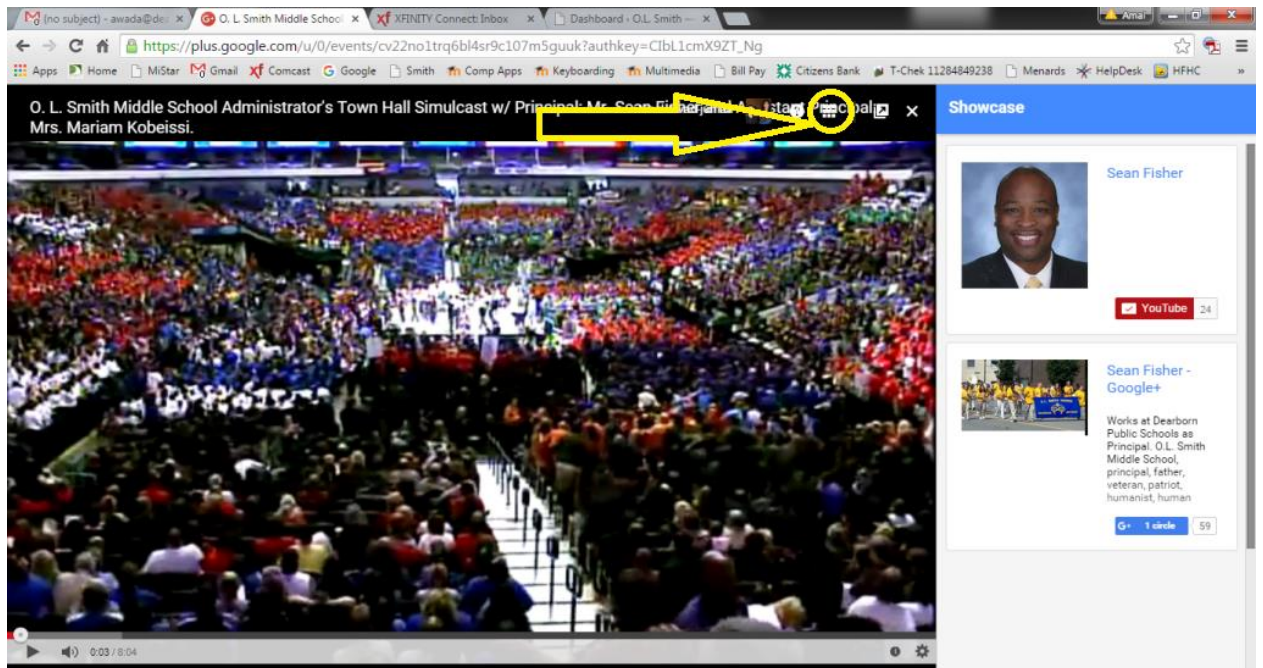

Step Sheet Created by Amal Awad-Jumah

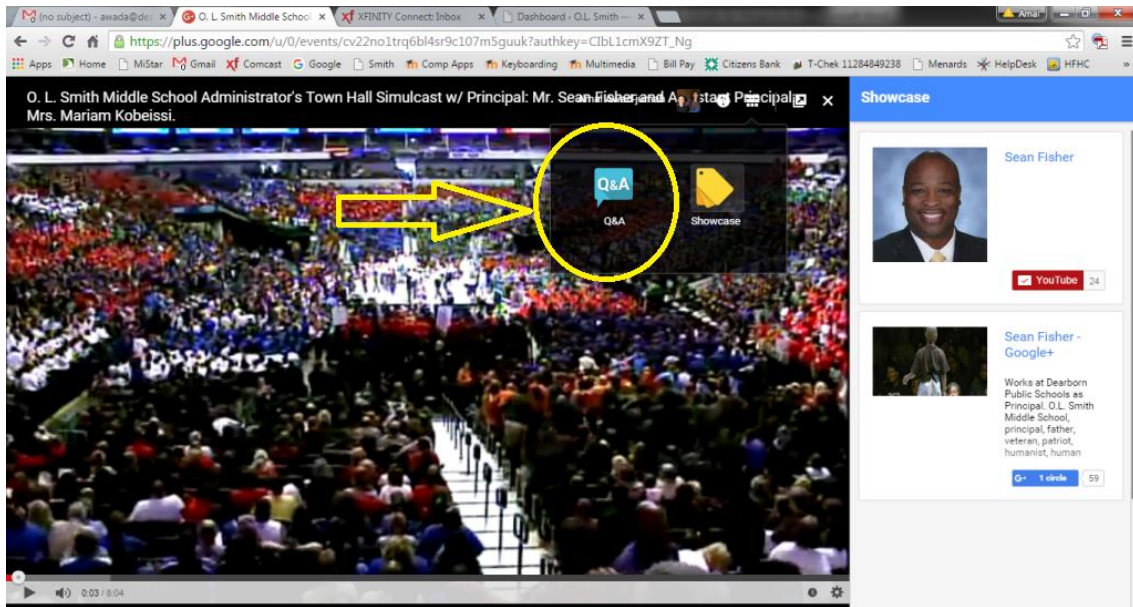

4. Scroll down to the video that has a boy on it, click on video. Look at the image below, notice the red oval and red arrow:

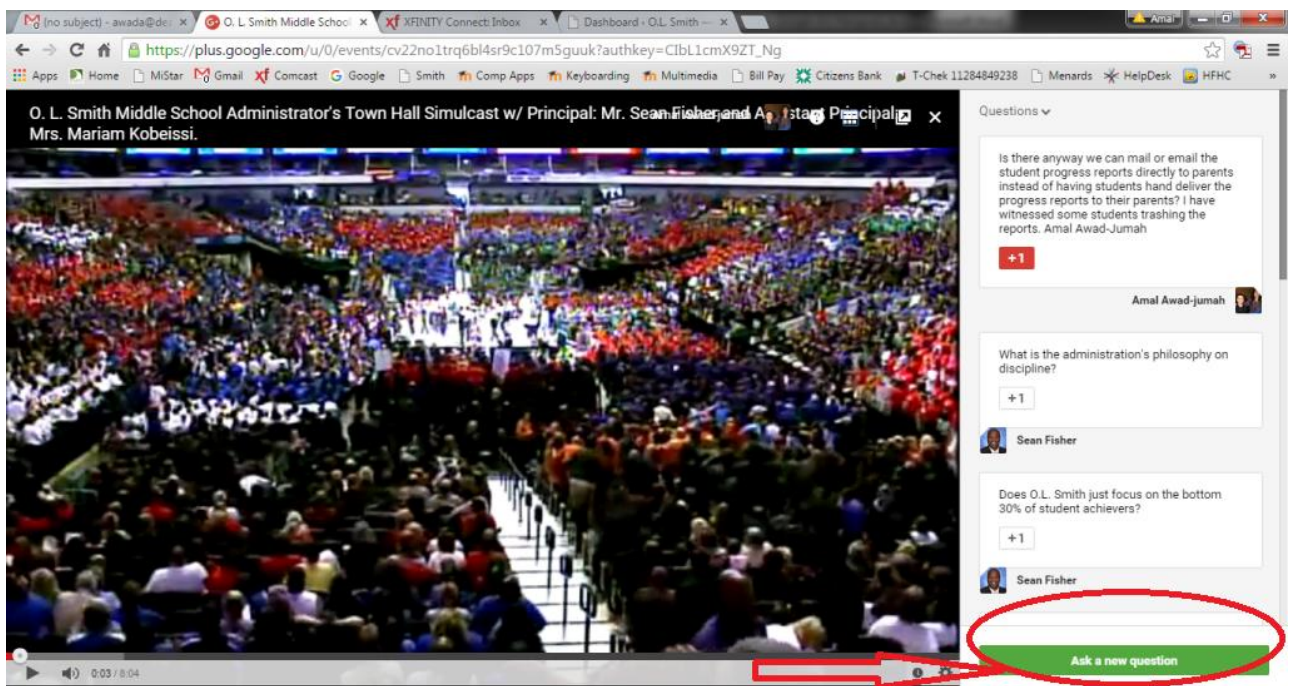

5. When you click on the video, the video will begin to play, just pause the video for now. Click on the small black and white cube that looks like the APP icon on Google. It is very small and easy to miss. Look at the image below, notice the yellow circle and yellow arrow:

6. When you click the small black and white cube, you will see a **blue Q & A** option, click on it. Look at the image below, notice the yellow circle and yellow arrow:

7. Next, click on the green "Ask a new question" link, bottom, right hand corner. Look at the image below, notice the red oval and red arrow:

8. Once you click on the “**Ask a new question**” link, you will see a box on the lower, right hand side. Type your question in the box and submit and you are done!! Look at the image below, notice the red oval and red arrow:
