

**We are starting the first ever Marine Biology Club at
OL Smith on Wednesdays from 3 to 4pm in room #80 (Art room).**

**This is a student led club sponsored by NOAA Teacher at Sea,
and Smith Art teacher Mr. Kade, and will feature presentations,
discussions, activities and art projects featuring sea life**

including fish, mammals, corals, and the basics of marine biology.

We will also discuss Ocean Literacy, Ocean Ecosystems and Conservation.

**———— For more information or to fill out an application to join the club, ————
get a flyer from the office or Mr. Kade. Students must arrange for
a ride home and to agree to be picked up by 4:05. 24 student maximum.**

**———— Meeting Dates for Fall Semester —————
October 23rd, 30th November 6th, 13th, 20th & December 4th**
