

O.L. Smith Boy's & Girl's Basketball

Meet coach Andrew Petrusha:

I grew up about 35 miles north of Dearborn in Waterford. While attending Waterford Schools, I played basketball, football, baseball, and ran track. I earned Varsity letters in Football, Basketball, and Baseball while also captaining each of those sports. Sports were and still are my passion. All through high school, I was a football and basketball official and spent summers umpiring and lining baseball fields. I could not pick a favorite sport because each sport brings its own unique challenges.

As early as middle school, I began to help my father coach my younger brothers' sports teams. I would help coach in football, basketball, and baseball for kids as young as five. Once graduating high school, I immediately began coaching football at Pierce Middle school in Waterford while assisting in both basketball and track. In total I spent 10 years coaching at Pierce while helping out with some of the local youth teams as well. When I got to Dearborn in 2017, I started coaching right away. I have coached the football team for 3 full seasons, the boys basketball team for 3 full seasons, the girls basketball team for almost 3 full seasons, and will be helping with track in the Spring.

I currently live in Waterford and am working on a masters degree at Wayne State University.

O.L. Smith Boy's & Girl's Basketball
