

## **After School Clubs and Activities Guidelines to Stay a Member**

In order for our after school clubs and activities to be places that are fun, safe, and educational, students need to abide by the following guidelines to stay members:

1. Be positive and encouraging to all members in the club/activity.
2. Listen and follow the instructions of any and all adults involved.
3. Use the materials and supplies appropriately and safely.
4. If you are asked to leave the after school club/activity due to any of the above reasons three separate times - you will no longer be allowed to participate.
