

Frequently Asked Questions

Q: Does DCMST have any clubs or sports teams?

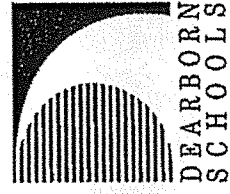

A: Yes, there are clubs here such as Math Club and we have our own student council, but you can also participate in all available clubs and sports at your home high school.

Q: Can students take AP Classes or Dual Enrollment classes while attending DCMST?

A: DCMST offers a variety of AP courses such as AP Computer Science and AP Statistics. However students are also welcome to take AP classes at their home high school as a core class or as an elective. Dual Enrollment is also an option open to students who complete pre-requisites for the course.

Q: What other activities or competitions are available to DCMST students?

A: Students have participated in local, regional, state, and international science fairs, as well as computer science, math, and statistics competitions. Awards include ribbons, medals, certificates, scholarships, and cash.
