

STEAMy STEM Summer Camp

First Day Procedures:

Summer Camp **starts Wednesday, June 23 at 9:00 AM** and we can't wait to see you! On that first day, the teachers will meet you out front to help you find where you are supposed to go.

6th graders, please find Mr. Segerstrom, Mr. VandenBosch, and Mr. Miller

7th graders, please find Ms. Bissonette and Ms. Roberts

8th graders, please find Ms. Fryzel

Daily Routine:

Students will rotate through six (6) "classes" each day - including PE and art every other day. They should bring a water bottle with them for the day, a lunch if they do not want the school lunch, and a snack if they are staying in the 9AM - 5 PM program. Students will **not** need to bring their computers.

There is NO Zoom. Summer Camp is all in person.

Lunch:

Students will be provided a hot lunch each day, but students are, of course, welcome to bring their own lunch.

Lunch times are as follows:

6th grade lunch - 11:15 - 11:45 AM

7th and 8th grade lunch - 12:00 - 12:30 PM

Attendance:

Summer camp runs Monday - Thursday from 9AM - 2PM and for those already registered 9AM - 5PM. The last day of Summer Camp is Thursday, August 12th.

We completely understand that since it is summer, families will be taking vacations and will not always be able to attend. If your student will be absent from a day of summer camp, please be sure to email the teachers and call the office at 827-1904.

The success of our planned projects and activities does depend upon regular attendance, so please try and be here as often as possible so you don't miss out on the fun!

Masks

During Summer Camp we will continue to practice the district mitigation plan - students must wear masks and practice social distancing.

Pick Up

All students need to be picked up on time. Students who are dismissed at 2 PM should be picked up **no later than 2:15 PM**.

Students who are dismissed at 5 PM need to be **picked up at 5 PM**. While we understand traffic and work schedules, please allow the proper amount of time to be here at 5 PM. There is no one in the building after 5 PM for supervision. Students who are regularly picked up after 5 PM may be eliminated from the 9 AM - 5 PM program.

Planned Cross - Curricular Projects:

- Play and create your own board games
- Cranbrook Institute Guest Teachers for geology and electricity
- Build and launch your own rocket
- Build and test hovercrafts
- Build and test your own Rube Goldberg
- CSI Unit - Whodunit?
- Bridge building
- Robotics
- Coding and robots
- Book Club
- SO much more!
