One Pager Directions

A one pager is a way to visually share key ideas and information from what you have learned. When you create a one pager, you are trying to use both visual symbols and important words to clearly and concisely share your most important takeaways with someone else.

For your TWO REQUIRED one pagers, you must include the following:

- Your border will somehow represent the key topics and themes from the novel
- The upper left hand box will contain an important quote with a page number
  - The quote is significant to YOU. Maybe because it has POWERFUL language or is very descriptive
  - The quote is significant to you because you've made a CONNECTION to it

- The upper right hand box will contain at least THREE character traits of your protagonist with a hand-drawn picture of your protagonist

- The long middle box will include:
  - Novel's title (properly formatted)
  - Author of novel
  - Your name

- The large bottom box will include a VISUAL that focuses on the protagonist from the text and how they've developed from the beginning of the novel to the end.
  - Must include two hand drawn representations of the character (beginning and end)
  - Must include two QUOTES WITH PAGE NUMBERS
    - Quotes can provide a physical description of the character
    - Or quote can be your favorite line/lines the character says

- You may also add other symbols, drawings, and words that represent the reading as you wish
