Hats and Mittens WE EXCEEDED OUR GOAL!!!

Whitmore-Bolles students collected new winter hats and mittens to donate them to the needy during these cold winter months. Each class brought in a number of new hats and gloves! A special "Thank You!" to Charla Hamann, Lola Rose Song, and Isabella Marcoux for their research in finding an organization to donate the items, Mittens for Detroit. All three fifth grade students researched potential organizations to give our donations and decided upon **Mittens for Detroit**.

Our goal was to collect 100...our grand total was 385! **Mrs. Philpott's class** won with a total of 67. Thank you to all who contributed. The metro area will be warmer because of our efforts.

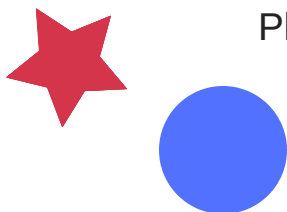

You're Invited!
