

# Woodworth Middle School

Dear Woodworth Families:

We hope that you all stayed warm these past few days. As the temperature warms up so do our buildings. Sometimes it takes a little longer than we all anticipate.

We did have heat in our school today but there were some parts of the building that did not heat up as quickly as others. We did move students to other sections of the building to ensure everyone was comfortable.

Although this was a bit of an inconvenience for a short time at no time were any children in danger or their safety jeopardized.

In addition, a fire alarm was activated due to work crews performing maintenance work in the school. Again, students were not in danger and our staff followed all emergency procedures to ensure student safety.

Sincerely,

A handwritten signature in black ink, appearing to read 'Rima Hassan', with a stylized flourish at the end.

Rima Hassan

Principal

Woodworth Middle School
