

Attention Parents:

Woodworth will begin deploying chromebooks to families who do not have access to technology at home. We will only distribute one per household. Parent/Guardian must show some sort of I.D. for pickup. In order to limit any confusion we have a schedule. Please adhere to the schedule.

Only households of 6th graders will have technology distributed today, March 18th, from 3 pm until 4:30 PM.

Households of 7th graders will have technology distributed tomorrow 12:00 PM until 2:30 PM.
Households of 8th graders will have technology distributed tomorrow 3:00 PM until 4:30 PM.

We will have a drive through process. This will be one way. All cars are to line up on Hubbard facing Greenfield. Distribution will be located at door number 7. There will be information that will be signed. Please be patient as we will do our best to get to each household in a timely manner.
